

Increase Your Factory's Horsepower

Formic grows your business
by making it easy to afford,
deploy and profit from robotic
automation.

Turn Robots into Revenue

Formic removes the risk, expense and headache of automating on your own with our flexible, no CapEx contracts. You only pay for productivity.

No CapEx

Pay after your system produces

Flexible Contracts

Remove risk and avoid being “locked in”

Output Commitments

The automation approach that delivers results

We Help
Manufacturers Boost
their Business

2X Capacity

10-30% OpEx reduction

Increase quality and yield

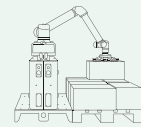

“Formic really centralizes and democratizes the capabilities of robotics in a way we’ve never seen before.”

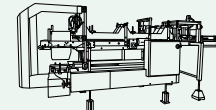

David Gray
CEO, Greenseed Contract Packaging

With Solutions that Work

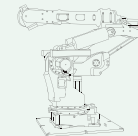

Eliminate labor costs and boost capacity with robots that stack, pack, tend, weld, and work as needed.

03

04

05

01

Formic Stack

Reduce labor costs and injuries with end-of-line palletizing

02

Formic Pack

Reduce labor costs and injuries with automated case packing

03

Formic Tend

Produce more parts at lower costs with robotic machine tending

04

Formic Weld

Get consistently high-quality welding with robot welders

05

Formic Custom

Relieve your factory's biggest bottlenecks with custom automation

“We like Formic because they don’t just set us up and walk away. They have skin in the game.”

Robert Albert
President,
Polar Hardware

Success Through Service

We invest in your factory and your success.

We only win when you win.

Success Team

We provide your own expert team so you don't have to

OpEx Contracts

Adapt your automation with 1-to-multi year contracts

24/7 Monitoring

99% historical uptime and 24/7 monitoring maximize your profits
